- OVERVIEW OF OUR MEETUPS IN 2023

## ABOUT US

Founded in 2016, R-Ladies Paris is a local chapter of R-Ladies Global, a global organization that promotes diversity in the [#RStats](#) community and provides a friendly support network for R enthusiasts worldwide.

Our mission is to bring R users together, fostering a collaborative environment where individuals can learn from each other.

To ensure accessibility, we regularly record our meetups and share replays on our YouTube channel. A dedicated GitHub page provides comprehensive summaries of the meetups we organize, and is available on [here](#).

R-Ladies Paris is committed to providing a respectful, harassment-free community for everyone. You can find our CoC [here](#).

# ACTIVITIES PROMOTING R-LADIES PARIS

1

**WELCOME  
TO THE TEAM!**

Chaima Boughanmi joined the organizing team in August 2023, bringing a fresh wave of creativity, energy, and passion to our team.

2

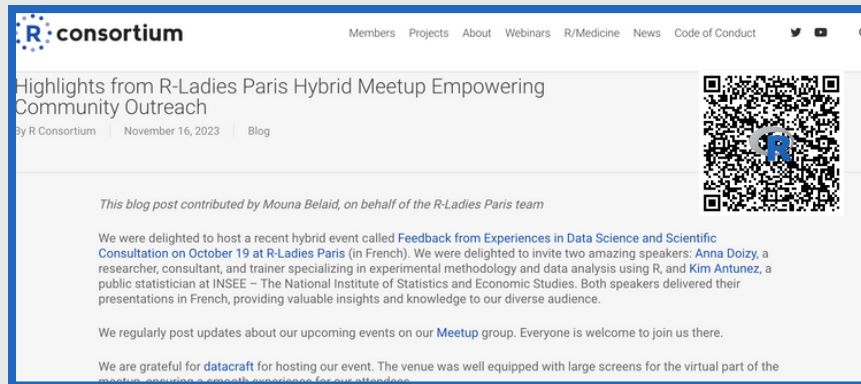

Mouna was awarded the Opportunity Scholarship and had the chance to meet fellow R-Ladies members at the [posit:conf\(2023\)](#), held in Chicago.

# ACTIVITIES PROMOTING R-LADIES PARIS

3

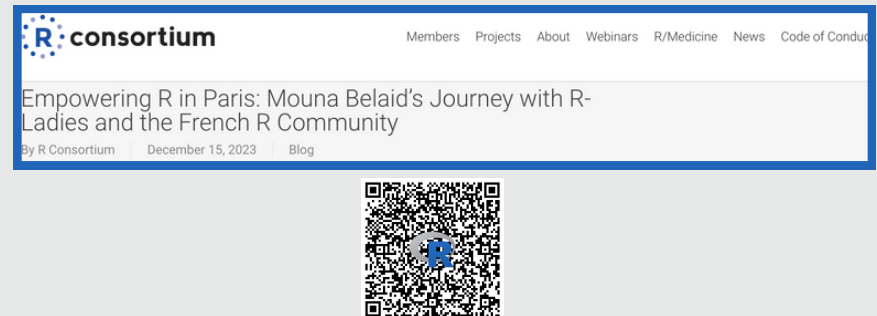

We wrote a blog post about the hybrid meetup we organized with the support of the grant received from R Consortium.

4

The R Consortium interviewed Mouna Belaid who provided insights into the growth of the R community in Paris, especially in the French language. Dedicated channels are available for French speakers to seek assistance and other resources.
